

QUALITY POLICY

OMCE – Setting the Standards in the World of Metal Packaging.

OUR PURPOSE

To supply high-quality steel drums, achieve product perfection through process integration by wielding end-to-end quality control over raw materials and manufacturing processes. And to provide services and solutions to a worldwide client base while utilizing innovative technologies within an environment of motivated employees focused on continuous improvement, highest business standards, work ethics and corporate citizenship, leading to added value to our customers and sustained return on investment.

OUR VISION

Our vision is to be the leading manufacturer of high-quality steel packaging solutions that meet the evolving needs of our customers while setting the industry standard for innovation, sustainability, and customer service.

At our core, we are committed to creating and delivering products that are not only functional and durable but also environmentally sustainable. We believe in continuously improving our manufacturing processes and supply chain operations to minimize our impact on the environment while ensuring the safety and satisfaction of our customers.

ACHEIVING OUR VISION

To achieve our vision, we will leverage cutting-edge technology, a highly skilled workforce, and a customer-centric approach that emphasizes collaboration, communication, and continuous improvement. We will foster a culture of innovation, creativity, and excellence that empowers our employees to deliver the highest quality products and services to our customers.

Ultimately, our success will be measured not only by our financial performance but also by our ability to make a positive impact on the communities we serve, the environment we share, and the people we work with. By staying true to our vision, we will be able to achieve our long-term goals and continue to grow as a leader in the steel packaging manufacturing industry.
